**Subject:** OR CZARA info for Ken for ECOS meeting ...

You'll get this from Lynda anyway – see Benita's note on OR CZARA (email immediately below), then see my emails further down for context.

**Subject:** RE: ECOS agenda (for Ken exercise described in my last email)

In staff meeting today Ken clarified that he would like brief talking points on anything that a state may bring up to him during breaks or side conversations. I immediately thought about Oregon CZARA. If you can think of any other issues a state environmental commissioner may try to speak with Ken and Ellen about, please send Romell a brief write up of the issue and what we're doing to address it.

Thanks

I actually don't know that this will be all that helpful for the exercise described below, but in case it can be helpful, I have attached the ECOS meeting agenda here.

**Subject:** by noon on Sept. 10: OW request - background on items that Ken may be asked about at Sept. 15-17 ECOS meeting

I know this is sort of a speculative request, but...Ken has requested that the program offices inform him about items of interest that we think he might be asked about at the ECOS meeting on September 15-17. He wants to be prepared for any questions that might come his way.

I know that might be difficult because he is asking us to speculate on what might come up, but...do your best.

**Please send this information to me by noon on Sept. 10.** I need the name of the topic that you think might reasonably come up at the ECOS meeting, and provide some brief background on that topic in bullet form. No more than half a page per topic if possible.

Wetlands – don't worry about WOUS or Bristol Bay. I am assuming he has whatever he needs on those topics.

Thanks.
